

KEEP BRAINS AND LANGUAGE
ACTIVE OVER THE SUMMER.

MUD PIES' SUMMER WORKSHOPS 2021

26TH JULY - 20TH AUG, 2021

MON-FRI
2 HOURS PER DAY
(1PM-3PM)

MUDPIESEEDUCATION.COM

WHY MUD PIES?

Our summer Workshops offer engaging, hands - on English activities and detailed research projects. Students work in study groups to enhance communication and teamwork skills. Our summer study camps include the following and lots more.

- Reading and comprehension skills
- Research projects
- Presentations and debates
- Communication and LOTS of discussion
- Explore different genres of text and writing (journals, writing to describe, creative writing, silly stories, puzzles, letters, writing instructions, story maps, alternative endings)
- Age specific grammar skills
- Word puzzles
- Vocabulary building
- Team challenges
- Arts and crafts
- Phonics for young children

26/7 – 30/7 (4-6YRS)
**SUMMER HOLIDAY:
DESTINATION BEACH FUN!**

Reading, writing, arts and crafts, games and presentation skills for kindergarten aged children with a 'beach holiday' theme.

26/7 – 30/7 (6-9YRS)
**ICE EXPLORERS:
POLAR REGION DISCOVERY**

Explore the coolest places on the planet and learn to write and present using all your senses in this ice-cold research-based workshop.

2/8 - 6/8 (9-12YRS)
**MUD PIES ENTREPRENEURS:
THE BUSINESS APPRENTICE**

Boost problem solving and creative thinking skills in this business apprentice workshop. Learn invaluable research, strategy and management skills and develop language techniques to invent, present, advertise and sell a totally new product as part of a superstar business team!

2/8 - 6/8 (4-6YRS) SUMMER HOLIDAY: PESKY PIRATES

Reading, writing, arts and crafts, games and presentation skills for kindergarten aged children with a 'pesky pirate' theme.

9/8 - 13/8 (8-10YRS) GIRL POWER: YES, I CAN! (GIRLS ONLY)

Young girls believe they can be whatever they want. They play hard, make friends easily and laugh 'til it hurts. They speak their mind and cry when they're sad. When and why do things become so complicated as we grow up? This workshop focuses on building confidence by taking girls back to their core beliefs and teaching them the ultimate self-care; to believe in themselves.

9/8 - 13/8 (9-12YRS) LIFE ON OUR PLANET: ENVIRONMENT

We join David Attenborough as we discover 'life on our planet' and the part we play in the preservation of our natural environment. We assess the biggest dangers and discover the best solutions then create a persuasive argument as we present our findings.

16/8 – 20/8 (6-9YRS) WONDERFUL INVENTORS AND INVENTIONS

We research and analyse some of the most famous inventions on the planet. We get our creative juices flowing and celebrate great inventors. Who knows? We may even have a future inventor among us!

16/8 – 20/8 (11-13 YRS) GIRL POWER: YES, I CAN! (GIRLS ONLY)

Young girls believe they can be whatever they want. They play hard, make friends easily and laugh 'til it hurts. They speak their mind and cry when they're sad. When and why do things become so complicated as we grow up? This workshop focuses on building confidence by taking girls back to their core beliefs and teaching them the ultimate self-care; to believe in themselves.
